THE WORLD S OF LABOR.

Chicago methods may go all right in Chicago, but in New York they are not wanted. The Sheep Butchers' Union of this city has made such a declaration, and if it is the purpose of employers of members of that trade to introduce Chicago ideas there is likely to be trouble. Under the present system of paying employees, which is by the day, the butchers earn good salaries, but the Windy City's plan is to pay by the hour. This the owners of the Swift abattors intend to do, and if they do strikes will follow.

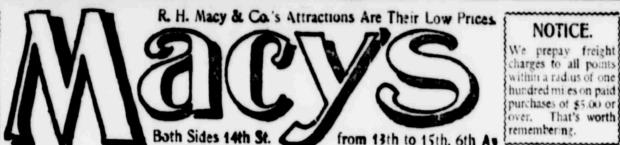

The matter of admitting the United

remembering.

1900 "Webster" Bicycles at \$24.98.

The Webster Bicycle has been bettered and enriched at every possible

point. Those of 1899 were as near perfect as human skill and mechanical

science could make them at the time. Whatever progress and invention

could suggest has been included in the construction and finish of the

Webster. We urge all critics and expert riders to call and examine this triumphant mount. It is equal to the best and superior to many \$50.00

General statements do not appeal to prospective bicycle buyers. They are vitally interested in details. For that reason we print the com-

Men's Light Roadsters—frames made of nickel steel tabling finished in black, size 20, 22 or 24 inch, with flush joint, throughout, 2% inch drop to bottom bracket, oxal-shaped rear forks; improved, adjustable handle bars, all styles and widths:

the entire gearing, including comes and bearings of front and rear hubs and crank

hanger, are reversible, insuring double the wiar of any other ball bearing in the market; Hartford or Webster tires: gears, 72 to 88.

Women's Light Roydsters-frames mufe of nickel steel tubing, finished in black,

extra low double-loop frame, size 21 or 21 inches, 214 in, drop to bottom bracket; flush coints throughout; oval-shaped rear focks; improved, adjustable handle bars,

NOTICE.

Shop at MACY'S and you'll save money. Houses that sell on credit cannot compete with us. Our prices are invariably from 20 to 40 per cent. less than they charge. Our millions of customers know it. Others, in justice to their purses, should make a test of our claim. Do so to-day.

Orthopedic Shoes.

These shoes were designed, on scientific lines, by an accomplished orthopædist. They stimulate an elastic, springy step with the feet in normal position. The construction allows the entire sole of the foot to rest upon the sole of the Shoe—giving the toes full play and preventing pinching.

Are especially adapted to flat feet—made so by the immature develop

White Lawn Dresses for Children.

Sunshiny weather calls out these crisp, charming White Lawn Dresses for Children. They are dainty and cool—the Dresses. No use to argue the question. The economy of buying them here is manifest. Securing materials in vast quantities and manufacturing on a grand scale reduce the cost. That's obvious-delightfully obvious. Examine styles; notice workmanship; observe prices.

All are made in one piece-4 to 14 years. Tucked lawn front and back yoke, trimmed with embroidery inserting, finished

Back and front yoke, sleeves, collar and belt trimmed with all-over lace, and satin beading, hemstitched skirt, made full, \$3.91.

Front and back yoke formed of lace inserting and embroidery, deep embroidery ruffle, full skirt, with hemstitched hem, \$5.86. Lace sleeves and front and back yoke, finished with lace-edged lawn ruffle and

lace beading, hemmed and hemstitched tucks, \$7.81.

Books.

Our Book Department embraces the world of fiction, history, poetry and philosophy. This interest of the Macy stores was never in "better receipts" than now. That's because more and more people are comprehending the liberality of our methods. The prices here are lowest. Not spasmodically-but continually.
